*If you are interested in becoming part of Maine's Rapid Response SCUBA team or assisting with control efforts in your community, please don't miss these important training events!*

**Register today by contacting MAINE VOLUNTEER LAKE MONITORING PROGRAM  
Center for Invasive Aquatic Plants**

**(207) 783-7733 or [vlmp@mainevlmp.org](mailto:vlmp@mainevlmp.org) or register on line at  
[www.mainevolunteerlakemonitors.org/workshops/#IntroIPP](http://www.mainevolunteerlakemonitors.org/workshops/#IntroIPP)**

Both training events are **FREE!** We welcome you to register for one or both. If you have not yet participated in a manual control workshop, participation in the introductory (June 23) training is strongly advised. (The introductory training is mandatory for those who wish to be entered into Maine's Rapid Response Team database.)

Please bring all of the gear, food and beverage you need to be comfortable for the duration of the workshop(s). Maine grown food and beverages will be available for a fee at the day-long (June 23) workshop. When you register, please let us know if you would like food provided or if you will be bringing your own. The optional \$12 "meal deal" may be paid for on the day of the workshop.

***ALL SCUBA PARTICIPANTS MUST HAVE THEIR OWN GEAR AND SHOW PROOF OF CERTIFICATION***

PLEASE BRING DIVER FLAGS AND MESH DIVE BAGS IF YOU HAVE THEM

*This workshop is made possible with support from the  
Maine Department of Environmental Protection  
and boater participation in the  
Maine Lake and River Protection Sticker program.*

Additional logistical and technical support is being provided by:  
Cushman Pond Milfoil Team ~ Little Sebago Lake Association  
Pleasant Lake and Parker Pond Association ~ Portland Water District  
Raymond Waterways Protective Association ~ Sebago Lake State Park
