# Maine Field Guide to Invasive Aquatic Plants and their common native look alike

by Roberta Hill and Scott Williams

Newly updated and expanded, the Field Guide focuses on the eleven invasive aquatic plants currently listed by Maine law as imminent threats to Maine waters.

Also featured are many native aquatic plants commonly confused with these eleven invasive species.

Photographs, illustrations and narrative descriptions are presented for each of the featured species, along with a variety of cross-reference tools for easy comparison of similar species.

This 160-page reference--spiral bound and printed on tear-resistant waterproof paper--is built to hold up well to conditions in the field (including inclement weather and the occasional dunking).

**Price:** The new field guide is a great value at \$19.95, plus sales tax and shipping & handling.

Make checks payable to Maine VLMP and mail check and order form to VLMP/CIAP, 24 Maple Hill Road, Auburn, Maine 04210.
