

MAINE VOLUNTEER LAKE MONITORING PROGRAM

Center for Invasive Aquatic Plants

announces

INVASIVE AQUATIC PLANT MANUAL CONTROL TRAINING FOR SCUBA DIVERS

& those providing surface support for manual control projects

**Part 1:
Introduction to
Manual Control,
Manual Harvesting &
Benthic Barriers**

Tuesday, June 15
9:00 AM to 4:00 PM
Sebago Lake State Park

Part 2: Diver Assisted Suction Harvesting

Sunday, June 13, 9:00 AM to 1:00 PM
Mumford Cove, Little Sebago Lake, North Windham

If you are interested in becoming part of Maine's Rapid Response SCUBA team or assisting with control efforts in your community, please don't miss these important training events!

Register today by contacting MAINE VOLUNTEER LAKE MONITORING PROGRAM
Center for Invasive Aquatic Plants

(207) 783-7733 or vlmp@mainevlmp.org or register on line at
www.mainevolunteerlakemonitors.org/workshops/#IntroIPP

Both training events are **FREE!** We welcome you to register for one or both. If you have not yet participated in a manual control workshop, participation in the introductory (June 1) training is strongly advised. (The introductory training is mandatory for those who wish to be entered into Maine's Rapid Response Team database.)

Please bring all of the gear, food and beverage you need to be comfortable for the duration of the workshop(s). Maine grown food and beverages will be available for a fee at the day-long (June 1) workshop. When you register, please let us know if you would like food provided or if you will be bringing your own. The optional \$12 "meal deal" may be paid for on the day of the workshop.

Volunteers are needed for both workshops to assist with fragment skimming

ALL SCUBA PARTICIPANTS MUST HAVE THEIR OWN GEAR AND SHOW PROOF OF CERTIFICATION

PLEASE BRING DIVER FLAGS AND MESH DIVE BAGS IF YOU HAVE THEM

This workshop is made possible with support from the

Maine Milfoil Initiative

Additional logistical and technical support is being provided by:

Community Lakes Association
Cushman Pond Milfoil Team
Little Sebago Lake Association
Pleasant Lake and Parker Pond Association
Maine Department of Environmental Protection
Portland Water District
Raymond Waterways Protective Association
Sebago Lake State Park
